

Take a tour

Point the camera on your phone over this QR code to view a sample HomeTagz property.

Take a virtual tour and see all the useful features just as a buyer would see them.

What can be tagged?

FEATURES

- Features: Showcase home improvements that bring value

INFORMATION

- Information: Reduce questions like roof age or utility info

DISCLOSURES

- Disclosures: Provide transparency and details

ITEMS FOR SALE

- Items For Sale: Let buyers know what is for sale upfront

What is HomeTagz?

HomeTagz is a real estate listing tool which uses interactive tags to highlight the best features of a home.

Tags can include additional text, images, videos and attachments, providing buyers with valuable information.

How HomeTagz improves the process of selling a home

- Sellers can collaborate in creating their listing
- Show property value
- Create transparency
- Answer buyer's questions

HOMETAGZ
INFORM BUYERS. ADD CONTEXT. BUILD VALUE.
